Career Objective

To become a skilled and proficient researcher in order to carry out innovative research ventures and serve my field

Education

Bs-Geology

Nov 2014 — Nov 2018

University of Azad Jammu & Kashmir(UAJK)

Major Subjects:

Stratigraphy

Geophysics

Petrology

Engineering Geology

Structural Geology

Sedimentation

Geotechnical Engineering

Tectonics

Seismology

Thesis Title: Structure & Stratigraphy of Bangala, Sandal, Sagetar, Thuthar, & Gharala Areas of Dadyal District Mirpur, AJK, Pakistan

CGPA: 3.52/4

Fsc (Pre-engineering)

Oct 2012 — June 2014

Government Degree Model Science College

Percentage Marks 77%

Work experience

Neelum Jhelum HydroElectric Project (NJHEP), Muzaffarabad

Sep 2017 — Oct 2017

Geologist (Internee)

Learned About

- Grouting, its different types and purposes

- lab tests on soil and concrete samples to evaluate their several parameters
 - Impacts which subsurface geologic structures can bring forth for dams and how to address such issues
 - Application of Geologic knowledge in the construction of dams and tunnels
-

Thesis Work

Kashmir Basin

- Executed a two-week field research followed by one-month lab work in the domain of Structural Geology
 - Understood the structural setting of Kashmir Basin
 - Learned how to craft Geological Maps and Cross-sections
 - Perceived how to interpret data acquired from field to draw maps and understand the structural setting of the study area
-
-

Skills

- Microsoft Office
 - GIS
 - Tutoring
-
-

strengths

- Believe in hard and diligent work ethic
- Enthusiastic and curious in learning new things
- Compassionate, sympathetic and obliging disposition
